HISTORY SUMMARY 歷史撮要

Change of Ownership & Capital/ Share Allotment/Other Changes	No significant changes in business and ownership have been reported since its inception.
Appointment and/or Resignation of Directors or Secretary	N/A
Admission or Retirement of Sole Proprietor/Partner	N/A
Parent	<p>Sample International Limited, parent, is a holding company of the Sample Group ("the Group"), which was established in 1994 to take over the business of its predecessor, Sample Industrial Co ("HFIC"), which was registered in early 1994 as a business name of Sample Metal & Plastic Toys Manufactory Company Limited ("SMPTMCL"; CR#150012). SMPTMCL was incorporated on 1 Apr 1985 and has been in the metal & plastic toys business since then. The formation of SFIC is to expand the business of SMPTMCL to manufacture and export of toys and electronics related products.</p> <p>The Group is a contract-manufacturer for OEM businesses, some of which are well-known multi-national corporations in the world market of consumer electronic and specialty products.</p> <p>With Electronic Manufacturing Services (EMS) and facilities established at the factory complexes in China, supported by a metal-based manufacturing division, formed in 1970, and a plastic-injection-moulding division, Sample is capable and flexible responding to a diverse range of OEM customer business needs and complex product requirements.</p> <p>The Group has actively introduced lead-free soldering processes in May 2002 and is now fully capable of manufacturing lead-free products with many deliveries already made to corporations, especially those from Japan. As such, manufacturing facilities are ready to cater to the European market expected to be lead-free by the end of 2005. As at June 2004, more than 10 million lead-free products have been shipped to Japan.</p> <p>To complement the above, Sample has enhanced its environment</p>

management system through participation in a "Green Partner" program with a few Japanese customers to reduce, phase out and/or subsequently ban purchases and usage of adverse environment-affecting substances as per RoHSper RoHS directives. Through this effort, Sample has been awarded the prestigious "Certificate of Green Partner" for being accepted into the Sony Green Partner Program.

Sample, with a workforce of over 2500 employees, fully realizes the importance of its human resources as part of overall growth and strength in the provision of quality product and total customer satisfaction. Sample is well-managed by a qualified management team, both in technical expertise and experience, with emphasis on fast, effective communication and training to continuously enhance the technical knowledge of all support personnel.

Organized with effective inter- and intra-division interaction and communication in ensuring the manufacture and delivery of products of the highest quality level to customers, the factory comprises the major departments of Engineering, Quality Assurance, Production Management Control (PMC) and Purchasing in support of Manufacturing Department.

With procurement facilities located in Asia and the U.S., Sample also started operating an office in Macau since the beginning of 2004 catering for a specific customer base.

With a stable workforce, up-to-date and specialized manufacturing equipment, excellent quality assurance, sincere commitment to timely delivery, and win-win business partnership beliefs, Sample enjoys healthy business relationships with its valued customers, namely large electronics-based corporations from Japan, United States of America, Australia and Europe.

Sample's achievements include:

- "Credible Enterprise" (authorized by Shenzhen City Customs Department)
- "Export Products Qualified License of Shenzhen"
- ISO 9001-2000 certification (by TUV, Germany 2002, upgraded from ISO9002-1994 achieved in1996)
- ISO 14001 certification (by TUV, Germany 2001)

Sample is currently implementing ISO/TS 16949 and plans to achieve certification by the end of 2005.
